

## Cleaning and protecting the vehicle's exterior

**Perform the following to protect the vehicle and maintain it in prime condition.**

- 1 Working from top to bottom, liberally apply water to the vehicle body, wheel wells and underside of the vehicle to remove any dirt and dust.

Wash the vehicle body using a sponge or soft cloth, such as a cham-  
ois.

- 1 For hard-to-remove marks, use car wash soap and rinse thor-  
oughly with water.
- 1 Wipe away any water.
- 1 Wax the vehicle when the waterproof coating deteriorates.

If water does not bead on a clean surface, apply wax when the vehicle  
body is cool.

---

### n **Automatic car washes**

- l Before washing the vehicle, do the following.
  - Fold the mirrors back.
  - Remove the antenna.
- l Brushes used in automatic car washes may scratch the vehicle surface and harm your vehicle's paint.

### n **High pressure automatic car washes**

- l Do not allow the nozzles of the car wash to come within close proximity of the windows.
- l Before car wash, check that the fuel filler door on your vehicle is closed properly.

### n **Aluminum wheels**

Remove any dirt immediately by using a neutral detergent. Do not use hard brushes or abrasive cleaners. Do not use strong or harsh chemical cleaners. Use the same mild detergent and wax as used on the paint.

### n **Bumpers and side moldings**

Do not scrub with abrasive cleaners.

### n **To prevent paint deterioration and corrosion on the body**

- l Wash the vehicle immediately in the following cases:
  - After driving near the sea coast
  - After driving on salted roads
  - If you see coal tar or tree sap on the paint surface
  - If you see dead insects or insect droppings on the paint
  - After driving in an area contaminated with soot, oily smoke, mine dust, iron powder or chemical substances
  - If the vehicle becomes heavily soiled in dust or mud
  - If liquids such as benzine and gasoline are spilled on the paint surface
- l If the paint is chipped or scratched, have it repaired immediately.

 **CAUTION**

**n Caution about the exhaust pipe**

Exhaust gasses cause the exhaust pipe to become quite hot.

When washing the vehicle, be careful not to touch the pipe until it has cooled sufficiently, as touching a hot exhaust pipe can cause burns.

 **NOTICE**

**n To protect your vehicle's painted surfaces**

Do not use organic cleaners such as benzine or gasoline.

**n Cleaning the exterior lights**

**l** Wash carefully. Do not use organic substances or scrub with a hard brush. This may damage the surfaces of the lights.

**l** Do not apply wax on the surface of the lights. Wax may cause damage to the lenses.

**The following procedures will help protect your vehicle's interior and keep it in top condition:**

**n Protecting the vehicle interior**

Remove dirt and dust using a vacuum cleaner. Wipe dirty surfaces with a cloth dampened with lukewarm water.

**n Cleaning the leather areas**

1 Remove dirt and dust using a vacuum cleaner.

1 Wipe any excess dirt and dust with a soft cloth dampened with diluted detergent.

Use a diluted water solution of approximately 5 % neutral wool detergent.

1 Wring out any excess water from the cloth and thoroughly wipe off all remaining traces of detergent.

1 Wipe the surface with a dry, soft cloth to remove any remaining moisture. Allow the leather to dry in shaded and ventilated area.

**n Synthetic leather areas**

1 Remove loose dirt using a vacuum cleaner.

1 Apply a mild soap solution to the synthetic leather using a sponge or soft cloth.

1 Allow the solution to soak in for a few minutes. Remove the dirt and wipe off the solution with a clean, damp cloth.

---

■ **Caring for leather areas**

Toyota recommends cleaning the interior of the vehicle at least twice a year to maintain the quality of the vehicle's interior.

■ **Shampooing the carpets**

There are several commercial foaming-type cleaners available. Use a sponge or brush to apply the foam. Rub in overlapping circles. Do not apply water. Excellent results are obtained by keeping the carpet as dry as possible.

■ **Seat belts**

Clean with mild soap and lukewarm water using a cloth or sponge. Also check the belts periodically for excessive wear, fraying or cuts.

 **CAUTION**

■ **Water in the vehicle**

! Do not splash or spill liquid in the vehicle, such as on the floor, in the hybrid battery (traction battery) air vents, or in the luggage compartment. Doing so may cause the hybrid battery, electrical components etc. to malfunction or catch fire.

! Do not get any of the SRS components or wiring in the vehicle interior wet. (→P. 115)

An electrical malfunction may cause the airbags to deploy or not function properly, resulting in death or serious injury.

 NOTICE**n Cleaning detergents**

Do not use the following types of detergent, as they may discolor the vehicle interior or cause streaks or damage to painted surfaces.

- I Non-seat portions: Organic substances such as benzine or gasoline, alkaline or acidic solutions, dye, or bleach.
- I Seats: Acidic solutions, such as thinner, benzine, or alcohol.

**n Preventing damage to leather surfaces**

Observe the following precautions to avoid damage to and deterioration of leather surfaces.

- I Remove any dust or dirt on leather surfaces immediately.
- I Do not expose the vehicle to direct sunlight for extended periods of time. Park the vehicle in the shade, especially during summer.
- I Do not place items made of vinyl, plastic, or that contain wax on the upholstery, as they may stick to the leather surface if the vehicle interior heats up significantly.

**n Water on the floor**

Do not wash the vehicle floor with water.

Vehicle systems such as the audio system may be damaged if water comes into contact with electrical components under the floor of the vehicle, and may also cause the body to rust.

**n Cleaning the inside of the rear window**

- I Do not use glass cleaner to clean the rear window, as this may cause damage to the rear window defogger heater wires. Use a cloth dampened with lukewarm water to gently wipe the window clean. Wipe the window in strokes running parallel to the heater wires.
- I Be careful not to scratch or damage the heater wires.
