On this screen, the following functions can be performed.

No.	Function		
1	The voice guidance volume can be adjusted or switched off. (See "• Voice volume" on page 243.)		
2	Voice guidance during route guid- ance can be set to " On " or " Off ".		
3	Voice guidance during audio system use can be set to " On " or " Off ".		
4	Voice recognition talkback can be set to " On " or " Off ".		
5	When " On " is selected, the speech command system can be operated without pressing the talk switch more than once.		
6	When using the traffic information function, voice guidance can be set to " On " or " Off ".		

• Voice volume

The voice guidance volume can be adjusted or switched off.

1. Push the "SETUP" button.

2. Touch "Voice" on the "Setup" screen.

3. Select the desired level by touching the number.

If voice guidance is not needed, touch "**Off**" to disable the feature.

When selected the number or "Off" will be highlighted.

4. Touch "Save".

• Traffic voice guidance

You can receive congestion information through voice guidance while being guided to your destination.

To turn the "Traffic Voice Guidance" on:

1. Push the "SETUP" button.

2. Touch "Voice" on the "Setup" screen.

Then touch **i** to display page 2 of the "Voice Settings" screen.

3. Select "On" of the "Traffic Voice Guidance".

4. Touch "Save".

INFORMATION

- This function is available only in English. To select English, see "• Selecting a language" on page 237.
- When the "Traffic Information" indicator is dimmed, "Auto Avoid Traffic", "Traffic Voice Guidance" and "Show Free Flowing Traffic" will not operate.

U6037FC

On this screen, the following functions can be performed.

No.	Function	
1	Average cruising speed can be set. (See "• Driving speeds" on page 247.)	
2	The automatic input function can be set to " On " or " Off ".	
3	During route guidance, voice guid- ance for the next street name can be set to " On " or " Off ".	
4	"On" or "Off" can be selected to display cautionary massages when the route includes traffic re- strictions or seasonally restricted roads.	
5	When " On " is selected, freely flowing traffic can be shown with the arrow.	

• Driving speeds

The speed that is used for the calculation of the estimated travel time and the estimated arrival time can be set.

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

4. Touch "Driving Speeds".

5. Touch or be to set the average vehicle speeds for "Residential", "Main Streets", and "Freeways".

To set the default speeds, touch "Default".

6. After setting of the desired speeds is completed, touch "Save".

INFORMATION

- The displayed time to the destination is the approximate driving time that is calculated based on the selected speeds and the actual position along the guidance route.
- The time shown on the screen may vary greatly depending on progress along the route, which may be affected by conditions such as traffic jams and construction work.
- It is possible to display up to 99 hours 59 minutes.

• Auto avoid traffic

The guidance route automatically changes to another route to avoid heavy congestion.

To turn the "Audio Avoid Traffic" on:

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

4. Touch "On" of the "Auto Avoid Traffic".

5. Touch "Save".

When congestion information about the guidance route has been received, a screen will appear to ask you whether to reroute to avoid the congestion.

If you wish to reroute, touch "**Yes**". Another route to allow you to avoid the congestion will appear.

If you do not wish to reroute, touch "No".

INFORMATION

When the "Traffic Information" indicator is dimmed, "Auto Avoid Traffic", "Traffic Voice Guidance" and "Show Free Flowing Traffic" will not operate.

• Show free flowing traffic

Freely flowing traffic is shown with the arrow.

To turn the "Show Free Flowing Traffic" on:

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

4. Select "On" of the "Show Free Flowing Traffic".

5. Touch "Save".

INFORMATION

When the "Traffic Information" indicator is dimmed, "Auto Avoid Traffic", "Traffic Voice Guidance" and "Show Free Flowing Traffic" will not operate.

POI category change (Select POI icons)

Select from among the 6 icons displayed on the "Customize POI Icons" screen, so that setting of the icons to be displayed on the map screen can be done easily.

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

Then touch is to display page 2 of the

"Detailed Navi. Settings" screen.

Each touch screen button and current street name on the map screen can be displayed or hidden.

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

Then touch **I** to display page 2 of the "Detailed Navi. Settings" screen.

4. Touch "" **I O**ff" Function".

5. Touch the button to be turned off. The button becomes dimmed.

To set the default, touch "Default".

6. Touch "Save".

SETUP

Current position/tire change calibration

The current vehicle position mark can be adjusted manually. Miscalculation of the distance caused by tire replacement can also be adjusted.

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

Then touch **I** to display page 2 of the "Detailed Navi. Settings" screen.

4. Touch "Calibration".

5. Touch the desired button.

POSITION/DIRECTION CALIBRATION

When driving, the current vehicle position mark will be automatically corrected by GPS signals. If GPS reception is poor due to location, you can manually adjust the current vehicle position mark.

1. Touch "Position / Direction".

2. Touch the 8 directional touch screen button to move the cursor \oplus to the desired point on the map.

3. Touch "OK".

SETUP

4. Touch either the for or to adjust the direction of the current vehicle position mark.

5. Touch "OK".

The map will be displayed.

TIRE CHANGE CALIBRATION

The tire change calibration function will be used when replacing the tires. This function will adjust the miscalculation caused by the circumference difference between the old and new tires. If this procedure is not performed when the tires are replaced, the current vehicle position mark may be incorrectly displayed.

Calibration	Ð
Adjust the current position.	6
Position / D	ection
Select after tire change.	
Tire Cha	nge

To perform a distance calibration procedure, touch "Tire Change" on the "Calibration" screen.

The message appears and the quick distance calibration is automatically started. A few seconds later, a map will be displayed.

• Pop-up information

When the "Pop-up information" is turned on, the pop-up information will be displayed.

1. Push the "SETUP" button.

2. Touch "Navi." on the "Setup" screen.

3. Touch "Detailed Navi. Settings" on the "Navigation Settings" screen.

Then touch **I** to display page 2 of the "Detailed Navi. Settings" screen.

4. Touch "Pop-up Information".

- 5. Touch "On" or "Off".
- 6. Touch "Save".

When the "Pop-up Information" is turned off, the following messages will not be displayed.

This message appears when the system is in the POI mode and the map scale is over 0.5 miles (1 km).

The message appears when the map is switched to the twin map screen mode.

Telephone settings —

"Telephone settings" can be changed on the "Phone settings" screen.

Audio Settings— —Select portable player

The portable player to connect can be selected. The registered audio information can be confirmed and edited.

• Selecting a portable player

If you register a second portable player, either one can be selected for connection.

1. Push the "SETUP" button.

Setup

2. Touch "Audio" on "Setup" screen.

3. Touch "Select Portable Player" on "Audio setting" screen.

You can select from a maximum of two Bluetooth[®] portable players.

"Empty" is displayed when you have not registered a portable player yet. The Bluetooth[®] mark is displayed when you choose the portable player.

4. Select desired portable player and then touch "OK".

Although you can register up to two portable players in the system, only one portable player can function at a time.

• Displaying Bluetooth® information

You can see or change the information of the portable player on the system. "Device Name"

... The name of Bluetooth[®] portable player which is displayed on the screen. You can change it into a desired name.

"Device Address"

... The address peculiar to the system. You cannot change it. If you have registered two Bluetooth® portable players with the same device name and you cannot distinguish one from the other, refer to it.

"Connection Method"

... The connection method can be switched between "From Vehicle" and "From Portable Player".

Select the desired portable player and then touch "Portable Player Info".

• Changing a device name

You can change a device name. Even if you change a device name, the name registered in your portable player is not changed.

1. Touch "Portable Player Info" on "Select Portable Player" screen.

2. Touch "Edit" for "Device Name" on "Portable Player Information" screen.

3. Use the software keyboard to input the device name.

• Selecting Connection method

The connection method can be selected.

From Vehicle: Connect the audio system to the portable player.

From Portable Player: Connect the portable player to the audio system.

Select desired connection method "From Vehicle" or "From Portable Player" and then touch "Save".

INFORMATION

If the connection method is set to "From Portable Player", "Auto Bluetooth^{*} Connect" cannot be selected.

^{*:} Bluetooth is a registered trademark of Bluetooth SIG.Inc.

-Setting Bluetooth[®] audio

The Bluetooth® audio settings can be set.

• Registering your portable player

1. Touch "Bluetooth^{*} Audio Settina" on "Audio Settings" screen.

2. Touch "Register" of "Bluetooth* Audio" on "BT Audio Settings" screen.

*: Bluetooth is a registered trademark of Bluetooth SIG.Inc.

3. When this screen is displayed, enter the passcode displayed on the screen into the portable player.

For the operation of the portable player, see the manual that comes with it.

If you want to cancel the entry, touch "Cancel".

4. When the connection is complete, this screen is displayed.

You do not need to enter the portable player in case of using the same one.

When this screen is displayed, follow the guidance on the screen to try connection again.

When another Bluetooth® device is connected

When another Bluetooth[®] device is currently connected, this screen is displayed. If you want to disconnect it, touch "**Yes**".

INFORMATION

If the device corresponds with both Bluetooth[®] phone and Bluetooth[®] audio, register and connect the Bluetooth[®] phone first or a connection failure may occur when registering the Bluetooth[®] audio.

(a) Removing a Bluetooth® audio

1. Touch "Remove" of "Bluetooth^{*} Audio" on "BT Audio Settings" screen.

2. Select the portable player you want to delete and touch "OK".

3. Touch "Yes" to unregister the selected portable player.

*: Bluetooth is a registered trademark of Bluetooth SIG.Inc.

If the selected portable player is in use, this screen will appear. Touch "Yes". The system will disconnect the portable player and remove it.

(b) Connecting Bluetooth[®] audio AUTOMATICALLY

Touch "On" for "Auto Bluetooth^{*} connect" to activate the automatic connection for the Bluetooth[®]. Always set it to this mode and leave the Bluetooth[®] portable player in a condition where connection can be established. The "Auto Bluetooth^{*} Connect" cannot be selected if the connection method is set to "From Portable Player".

*: Bluetooth is a registered trademark of Bluetooth SIG.Inc.

When the "POWER" switch is in ACCES-SORY or ON mode, the selected portable player will be automatically connected and the connection result is displayed.

MANUALLY

When the auto connection failed or turned off, you have to connect Bluetooth[®] manually.

For the manual operation, see page 176.

(c) Changing the passcode

The passcode for registering your portable player on the system. You can change this to 4 to 8 digit number of your choice. The default is "0000".

1. Touch "Edit" of "Passcode" on "BT Audio Settings" screen.

Pass	code			¢
	1234567			+
	1	2	3	
	4	5	6	
	7	8	9	
		0		
				ОК
				U10020GS

2. Enter the new 4–8 digits passcode and touch "OK".

Each time you touch _____, an input digit is deleted.

(d) Changing the device name

You can change a device name. Even if you change a device name, the name registered your portable player is not changed.

1. Touch "Edit" of "Device Name" on "BT Audio Settings" screen.

Edit D	evice Na	me	Ð
CAR MU	JLTIMEDIA	_	
1 2	3 4	5 6 7 8 9	0 +
QV	NER	TYUI	O P
A	S D	FGHJK	L &
₽.	ZXC	VBNM	/ -
A-Z	Other	Space	ОК
			111000000

2. Enter the new device name and touch "OK".

(e) Initializing the Bluetooth $^{\odot}$ audio settings

You can initialize the settings.

1. Touch "Default" on "BT Audio Settings" screen.

2. Touch "Yes".

SETUP

Vehicle Settings — — Maintenance

When the navigation system is turned on, the "Information" screen displays when it is time to replace a part or certain components. (See page 27.)

1. Push the "SETUP" button.

2. Touch "Vehicle".

3. Touch "Maintenance".

lter Rot	tation	() Tires	Battery
	-	-	75
ers Co	olant	Brake oil	Trans. fluid
Ilter Per	C sonal	Personal	Personal
	ers Co D Iter Per	ers Coolant Co	ers Coolant Brake oil The Personal Personal Set Dealer

- Setting maintenance information (See page 301.)
- Setting dealer (See page 302.)

(a) Maintenance information setting

1. Push the "SETUP" button.

2. Touch "Vehicle" on the "Setup" screen.

3. Touch "Maintenance" on the "Vehicle Settings" screen.

Maintenance		🛛 Reminder 📘 🗲		
Engine oil	Oil filter	Rotation	(O) Tires	Battery
Brake pad	Wipers	Coolant	Brake oil	Trans. fluid
Service	Air filter	Personal	C Personal	Personal
	Sec. 1		Set Deale	r

U6062FC

4. Touch the desired button.

For details of each touch screen button, see "INFORMATION ITEMS" on page 301.

"Delete All": To cancel all conditions which have been inputted.

"**Reset All**": To reset the item which has satisfied a condition.

"**Set Dealer**": To register dealer information. (See " (b) Dealer setting" on page 302.)

"**Dealer Info.":** To edit dealer information. (See " (b) Dealer setting" on page 302.)

"**Reminder**": When this button is touched, the indicator is illuminated. The system is set to give maintenance information with the "Information" screen. (See page 27.)

When the vehicle needs to be serviced, the touch screen button color will change to orange.

INFORMATION ITEMS

"Engine oil": Replace engine oil

"Oil filter": Replace engine oil filter

"Rotation": Rotate tires

"Tires": Replace tires

"Battery": Replace 12 volt battery

"Brake pad": Replace brake linings

"Wipers": Replace wiper blades

"Coolant": Replace engine and inverter coolant

"Brake oil": Replace brake fluid

"Trans. fluid": Replace transmission fluid

"Service": Scheduled maintenance

"Air filter": Replace air filter

"**Personal**": New information items can be created separately from provided ones.

SETUP

5. Input the conditions.

"Date": The next maintenance date can be input.

"Distance": The driving distance until the next maintenance check can be input.

"Delete": To cancel the date and distance conditions.

"Reset": To reset the date and distance conditions.

6. Touch "OK".

The screen then returns to the "Maintenance" screen.

INFORMATION

- For scheduled maintenance information, please refer to the "Scheduled Maintenance Guide" or "Owner's Manual Supplement".
- Depending on driving or road conditions, the actual date and distance may differ from the stored date and distance in the system.

(b) Dealer setting

It is possible to register a dealer in the system. With dealer information registered, route guidance to the dealer is available.

1. Push the "SETUP" button.

2. Touch "Vehicle" on the "Setup" screen.

3. Touch "Maintenance" on the "Vehicle Settings" screen.

4. Touch "Set Dealer".

5. If the dealer has not been registered, enter the location of the dealer in the same way as for a destination search. (See "Destination search" on page 50.)

When "Set Dealer" registration is finished, the "Dealer" screen will be displayed.
